Dusty Strings FH36 String Chart (for all FH36 made after 1991)

#1 is the highest (shortest) string. #22 is middle C.

Strings 1 – 24 are monofilament strings. To order these strings, please go to the monofilament tab under "strings" in the left column (that is the left navigation bar). On the left navigation bar see "Strings for Harps'. Click on the plus sign (+) and when you do, you will see several more categories underneath, one of which is "monofilament strings". Please have your string chart available for yourself when ordering. With monofilament strings you have a choice of gauges and for each gauge there is a color choice.

Strings # 24-36 are not monofilament (they are nylon wrapped nylon [n/n] or nylon wrapped bronze [n/b]) and are in a different category. To order #s 24-36, in the same navigation bar you will see "Dusty Strings" – you can click on the plus sign or click on the words. Either way you will see a choice of harps. Choose the harp for which you're ordering strings and continue.

You are always welcome to call us and speak in person when ordering strings: 800-893-4277. We understand ordering strings can be a challenge. – Melody's Traditional Music
